

From R&D, Design, Engineering, to Smart Manufacturing  
**Your One-Stop Solution Provider**

Outdoor &  
Lifestyle  
Products

**ProVista Group** is a Hong Kong based electronic company with strong R&D, Engineering and Manufacturing capacity in electronic products including power and energy products, automotive electronics and security products since 1995.

Over the years, ProVista has rolled out hundreds of different products and models, and some of these products have won prizes in different competitions. We pride ourselves on the achievements of our R&D Department on products development, the efforts of our marketing colleagues in exploring new opportunities, the dedications of our production team to quality and services, as well as the Group's commitment to customers and suppliers. We believe as ever that these are the key elements to the strong growth and remarkable performance of ProVista Group.

#### Specifications:

- ◇ Built-in 230V/600W Pure Sine Wave Inverter
- ◇ Battery: 12.8V LiFePO4 , 40Ah, 512Wh
- ◇ Robust Construction with hinged handle
- ◇ Robust battery protective housing with advanced BMS
- ◇ Multi fans high efficient cooling system
- ◇ LCD screen with Backlight
- ◇ Display: Input V/P / Output V/P / Battery State of Charge / System Status
- ◇ Backlight / Display selection button
- ◇ LED charging indicator
- ◇ Area Light, 2 levels brightness and flashing mode selection
- ◇ ON/OFF Button with backlight for DC / AC / USB output
- ◇ Product Dimensions(mm): 185(W) x 305(L) x 202(H)

#### USB OUTPUT:

- ◇ 1 x 65W USB-C PD IN/OUT
  - Input: 5~20V, 3.25A/65W Max.
  - Output: 5/9/12/15/20V, 3.25A/65W Max.
- ◇ 1 x 30W USB-C PD, 5/9/12V, 3A/30W Max.
- ◇ 2 x USB-A QC3.0, 5/9/12V, 3A/18W Max.
- ◇ 2 x USB-A, 5V/2.4A Max.

#### DC OUTPUT:

- ◇ 2 x 6mm DC Jack, 12V/6A Max.
- ◇ 1 x Car Cigarette Socket, 12V / 12A Max.

#### AC OUTPUT:

- ◇ 2 x AC Socket, 230V/600W Pure Sine Wave Output

#### Anderson OUTPUT:

- ◇ 1 x Anderson port with 25A over current protection Interrupter for Anderson port

- ◇ 15W Wireless charging with LED indicator

#### INPUT:

- ◇ 1 x Mini Anderson Socket (for solar panels/adapters/ car charge DC-DC)
  - Input voltage 10V ~ 60VDC, 15A Max.
- ◇ 1 x 8mm DC Jack (for solar panels/adapters),
  - Input voltage 15~24VDC, 8A Max.

## ECOBOXX EB150P 150W Portable Power Station

Suitable for: Camping, business, outdoor activities, Ecoboxx will power up and charge both your DC and AC devices, such as smartphones, tablets, small TV & fans, radio, etc.

### Specifications:

- ⬢ 120W Modified Sine Wave (MSW) Inverter
- ⬢ 146Wh Lithium Battery Pack
- ⬢ 2 x USB output port, 5V / 2.1A
- ⬢ 1 x USB QC 3.0 quick charge port
- ⬢ 1 x USB-C PD bi-directional port, 60W max
- ⬢ 10W Qi Wireless Charging
- ⬢ COB light panel
- ⬢ Build in MPPT Solar Controller, 3A
- ⬢ Build in Buck Boost Charging circuitry and support 12V input from car cigarette output socket
- ⬢ LCD Display
- ⬢ Product Dimensions (mm): 181 x 144 x 52
- ⬢ Product Weight: 1.4kg

A person wearing a brown jacket with a red and white circular logo on the sleeve, blue jeans, and a watch with an orange face is sitting on a rocky ledge. A purple backpack is next to them. In the foreground, a black EcoBox power station is connected to a cable. The power station has a digital display, a power button, a USB port, a power outlet, and a power switch. The background shows a blurred natural landscape.

## EB310

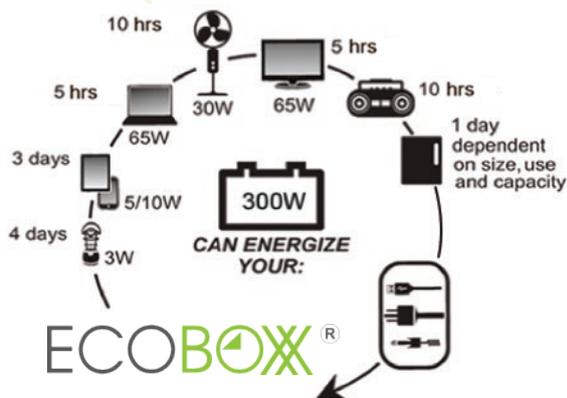

### ECOBOXX EB310 Portable Power Station

Suitable for: Camping, business, outdoor activities, Ecobox will power up and charge both your DC and AC devices, such as smartphones, tablets, small TV & fans, radio, etc.

#### Specifications:

- ◇ Built-in 200W Pure Sine Wave Inverter
- ◇ Battery Capacity: 11.1V 288Wh / 26Ah Lithium-ion
- ◇ 2 x AC outlet
- ◇ 4 x 5VDC USB Port, 2A max.
- ◇ 1 x 12VDC Cigarette Socket output, 10A max.
- ◇ 2 x 12VDC 5.5mm DC Jack output, 6A max.
- ◇ 2 x Charging Port input, 16V-32V, 5A 80W max.
- ◇ LCD Display
- ◇ Protections: Over-current / Short circuit / Over & low voltage
- ◇ Optional Solar Panel of 20Wp / 30Wp
- ◇ Product Dimensions (mm): 221 x 150 x 359
- ◇ Product Weight: 4.7Kg

*Experience coffee freedom!*

# Portable Espresso Coffee Machine

**CAA100**

## ProUser Espresso Portable Espresso Coffee Machine

Introducing the ProUser espresso, a portable espresso coffee machine with fast heating metal water tank and OLED Display. Your endless search for the perfect cup of coffee when on the go is over!

The all-encompassing disappointment from a bad cup of coffee is now a thing of the past. The guarantee to fulfill your coffee fix is here without compromising on quality, wherever life takes you.

We've packaged up the quality and excellence you'd find at home or at your favorite cafe to produce the perfect shot of coffee no matter where you are in the world. It's coffee without boundaries.

### Enjoy Coffee Freedom!

- Easy operation – one-key button to heat the water and brew the coffee by itself
- Dual heating element – allowing you to have a hot espresso everywhere momentarily
- Aircraft friendly with tools battery – able to provide four cups of hot and brewed espresso continuously
- Multi-way of charging – Car charger, USB charger, and AC adapter

### EASY single button operation:

1. Insert Capsule

2. Pour Water

3. Push Button

4. Detach Cup

Air vent water lid releases air pressure whilst boiling.

OLED digital display to indicate battery level and coffee making status.

Optimum pump pressure: 15 bar  
Infusion pump pressure: 8-12 bar

One Button Control:  
Press & hold for 2 seconds to boil.  
Press & hold for 5 seconds to pour pre-boiled water.  
Press to check battery level.  
Press to turn On / Off.

All water and coffee brewing components made from FDA food grade plastics with 40% glass fibers.

L253 x W83 x D78 mm  
1.96lbs / 890g

Full metal water tank for smooth, quick and equal heating. Dual heating plates for faster heating. Max water level indicator for the perfect espresso shot. Accessible water tank for easy cleaning.

USB-C Input for charging 5V/9V/3A 24W Max.

Powered by removable rechargeable lithium battery.

Capsule: Compatible with genuine L'OR and Maccona aluminum capsules.

Vacuum seal capsule cap with easy hand grip which doubles up as a stand.

Coffee pours directly into detachable drinking cup. No spillage while pouring coffee.

*Experience coffee freedom!*
